1 SHE MANAGEMENT

The company recognizes that high standards of health, safety and welfare are an integral element of efficient business management objectives and contributes to the operational efficiency and Profitability of the company. Health & Safety is a management responsibility of equal importance to production and quality. It is **Bright World Trading Est**, Policy to comply with the requirements of the Health & Safety at work.

Equally, it is recognized that employees have a duty of care to themselves and others by avoiding Hazards, preventing accidents and co-operating with the company by complying with all instructions and Recommendations on health and safety if the aims and objectives of this policy are to be achieved.

Conduct basic safety training for our employees to provide an overall awareness about the job Hazards in industry.

Safety Planning

“We encourage our employees in planning safety into work activities to make sure that equipment, material and personnel to do the job safely from the beginning.”

Bright World trading Est. feels that ascendant can be avoided by the will of almighty and working safety protects our most important Assets – our employees.

Bright World Trading Est, pays very importance to good health, safety performance at all areas of operations.

To achieve business objectives. Management is committed to take an integrated approach where managing health and safety forms as a part of the overall business strategy, protection of human resources, properties, environment and the same commitment will be demonstrated by all levels of supervision in the organization.

Vigorous efforts will extend prevention of accident in all possible ways and implications. We consider the same as an important element in our construction process and are the direct responsibility of our Projects Management Team.

And we assures that projects will be carried out with high degree of safety to attain this objective.

Our projects management will strive to provide a safe and healthy environment that is free from recognized potential hazards and will maintain its facilities and equipment at maximum safe operating standards. JAG Arabia Health & Safety Policy

Occupational Health and Safety Objectives

- To protect all employees and stakeholders in the project.
- To comply with relevant national and international laws.
- To reduce occupational health and safety hazards.
- To control the negative effects of the occupational health and safety issues or risks.
- To assess/improve the occupational health and safety performance.
- To be prepared for emergency situations and to intervene immediately.

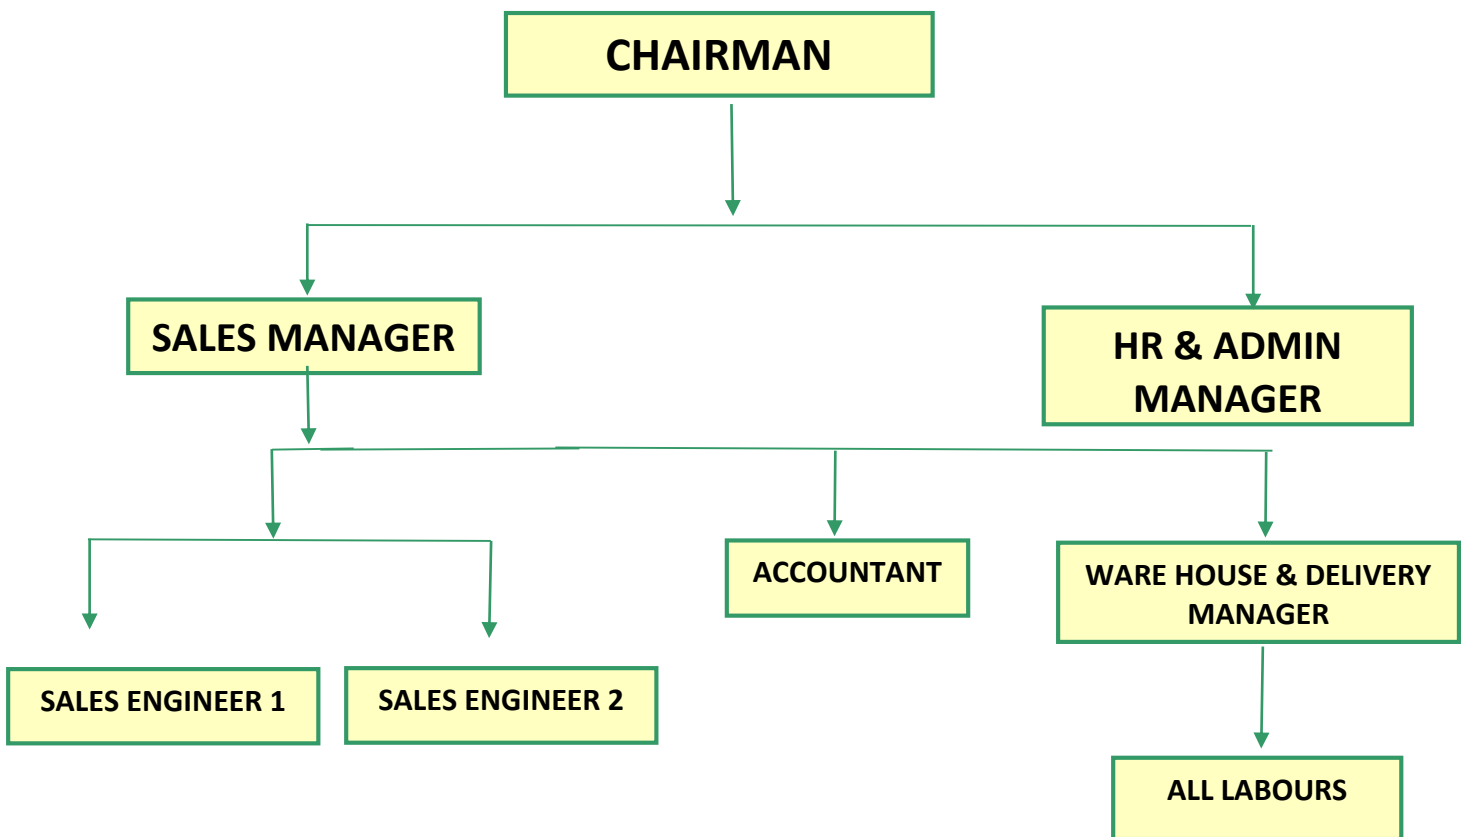

Bright World Trading Est, is committed to provide large range of quality services that exceeds the customers' expectations, we are committed to give quality with a continuous improvement by implementing best practices and suggestions from our clients and employees in our day to day operations. In our Trading operations we strictly adhere to the quality norms as set and defined by the clients for the specific projects.

Employees suggestion scheme is a tool widely use in our business to enhance the working activities and practices more over business improvement teams are in place to asses to current working methodologies and suggest improvements then and there to meet quality requirements set by our customers.

This dynamic work environment having a positive attitude coupled with commitment percolating from top management for facing any challenges make us stay away from the crowd in terms of meeting our clients quality requirements in this highly competitive market

Mr. Al-Shaikhi,

We are pleased to inform you that your company is now included in the Saudi Aramco Supplier Information System under Vendor Code No. **10061663** for the following products provided your company continues to meet relevant Saudi Arabian and Saudi Aramco standards.

Material Service Group	Description
206000	Hose, Hydraulic
164000	Welding, Soldg Eqpt
163000	Tools, Hand, Power
155000	Slings, Steel, Synth
138000	Plumbing Supplies
121000	Paint & Coatings
120000	General Bldg Matl
118000	Bolts, Nuts, Rivets

This approval, however, should not be construed as a commitment by Saudi Aramco to purchase from you. Being approved as a supplier only grant your company the opportunity, along with other approved sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All purchase agreements and orders will be issued based on the name and address stated in your commercial registration (CR), as stated above.

Saudi Aramco wishes to remind you that being recognized as a potential supplier is a privilege which carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any purchase agreements or orders which might be placed and to act responsibly and reliably as a supply chain supplier.
